Labsheet 5 SECS05-AS05

Mastery in Data Analytics and Visualizations and Career Advancement

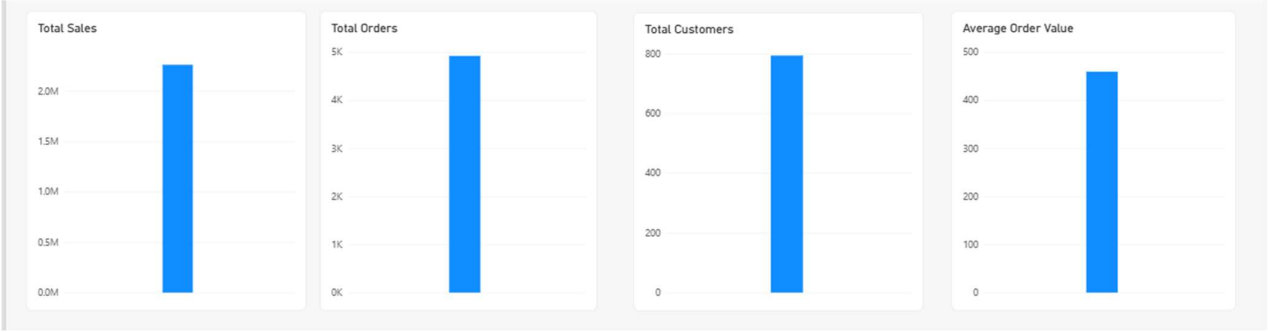

Khushi Choudhary CU240251564

Interactive Dashboard Development Microsoft Power BI

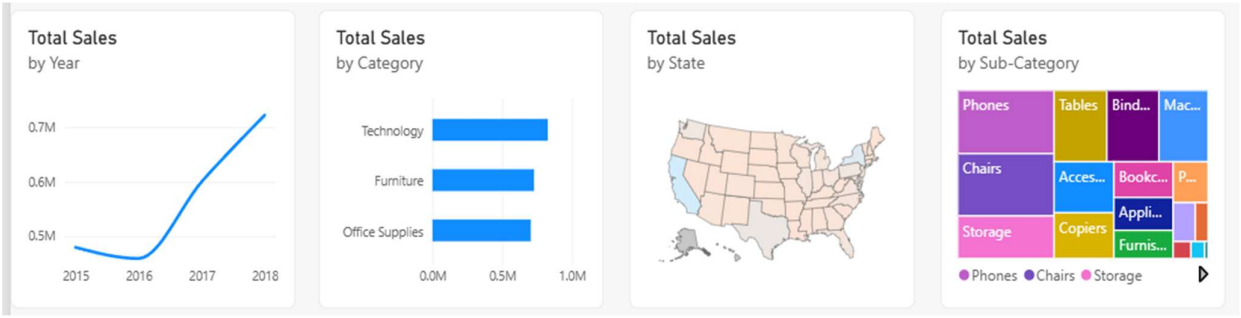

1. Import a real-world dataset.

2. Key Performance Indicators (KPIs)

3. Visualizations

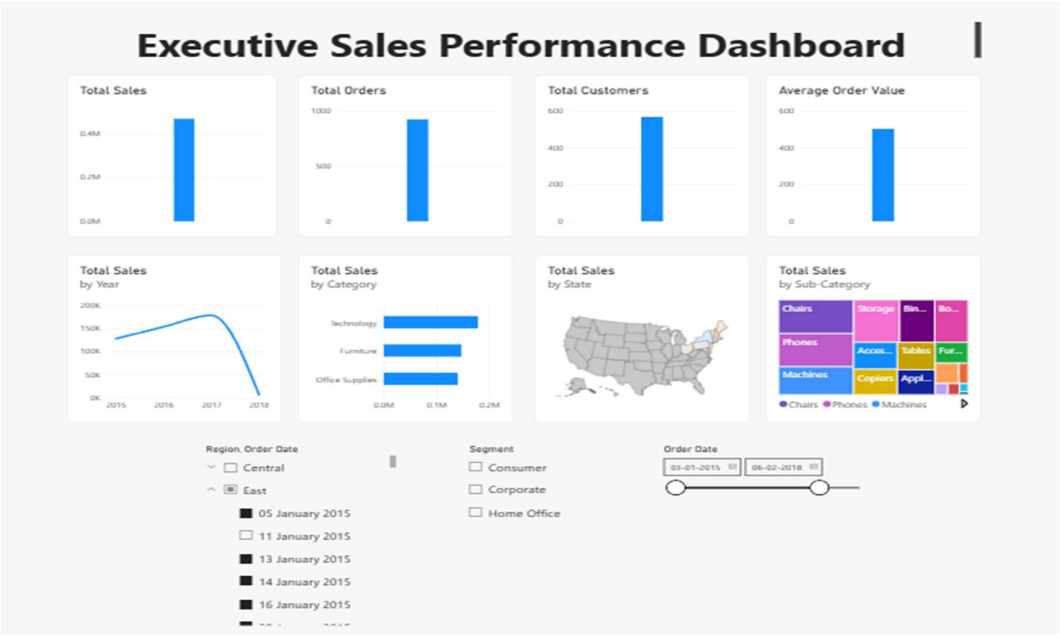

// Khushi Choudhary CU240251564

4. **filters, slicers, and drill-down features**

5. **Arrange all visualizations**

6. **Analyze the dashboard to identify business trends, top-performing products, highrevenue regions, and areas requiring improvement.**
   - Top Revenue Category: Technology leads total sales with $827,455.87 (~36.6%), followed closely by Furniture ($728,658.58) and Office Supplies ($705,422.33).
   - Top Sub-Categories: Phones ($327,782.45) and Chairs ($322,822.73) generate the highest overall product revenue.
   - Lowest Revenue Sub-Categories: Fasteners ($3,001.96) and Labels ($12,347.73) generate the lowest sales volume.
   - Geographic Leaders: The West region dominates total revenue at $710,219.68 (~31.4%), driven heavily by California ($446,306.46). The South region lags behind at $389,151.46.
   - Customer Segments: Individual Consumers account for over half of total revenue at 50.8% ($1.15M), while Corporate accounts contribute 30.4% ($688.5K) and Home Office accounts for 18.8% ($425.0K).
   - Annual Growth Trend: Yearly sales grew consistently from $479,856.21 in 2015 to $722,052.02 in 2018, showing strong Q4 holiday spikes each November–December.
